

# ADAT SHALOM RELIGIOUS SCHOOL PARENT INVOLVEMENT FORM

When parents demonstrate their interest in synagogue and school activities, children are eager to do the same. Participation in student activities reinforces what your children are learning in school. Parents are asked to volunteer for special projects and events. With a variety of opportunities to choose, there is something to fit nearly everyone's schedule.

Please check off any/all that apply, and return with your child's registration forms.

Thank you in advance!!
